Stuart James Associates Limited
Planning and Development Consultants

020 7228 8522

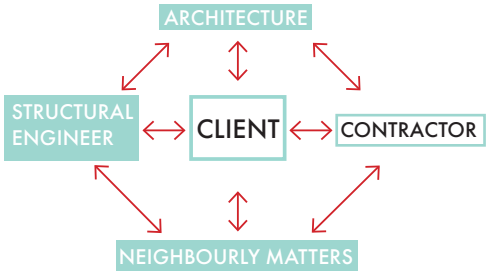
CASE STUDY: REAR AND SIDE EXTENSION

LOCATION: Richmond Upon Thames, London

BUDGET: £220K + VAT

SJA SERVICES: Architecture, Structural Engineering,Surveying, Party Wall and Neighbourly Matters.

PROCESS: Working collaboratively with all stakeholders.



GLAZING

Specification and constructibility considered in the early stages of the project design.

CONSULTANT COORDINATION

SJA actively involved in design, neighbourly liaison and ongoing site/contractor support. All design completed by SJA in-house.

TEMPORARY WORKS

SJA designed temporary works to provide a clear specification and method statement to minimise construction complications.

NEIGHBOURLY MATTERS

Maintaining good neighbourly relations was considered from project conception.

SMALL TEAM, BIG IMPACT. We are professional consultants with a passion to raise the bar on what can be expected from home renovation advice on any budget and in any location across the UK.
